

William Y. Cooper Foundation

The William Y. Cooper Foundation, Inc. makes monetary grants available to Mount Snow ski and snowboard pros, coaches and ski patrollers who wish to further their education or certification status by attending PSIA-E, PSIA, AASI, USSA or related events as approved by the Board of Directors.

Grants are open to anyone who has been employed as a ski or snowboard pro, coach or ski patroller at Mount Snow for a minimum of two (2) years and are awarded based on the applicant's personal and professional goals, snowsports school experience, and willingness to share the benefits of educational events with other Mount Snow staff members.

Grants may partially or fully reimburse the applicant for the cost of registration fees for an approved event. The number and amount of grant awards depends upon available Foundation funds and the recommendations of a Grant Review Committee that takes into consideration employee performance, loyalty to Mount Snow and embodiment of the spirit of sharing for which Bill Cooper was known.
